Industrial User Wastewater Survey And Permit Application

In accordance with the provisions of City of Durham Sewer Use Ordinance and the Pretreatment Program as promulgated by the North Carolina Department of Environmental and Natural Resources, Division of Water Quality, all significant users, users subject to categorical standards and any other user deemed appropriate by the Director of the City of Durham Environmental Resources Department is required to obtain an Industrial Wastewater Discharge Permit.

This survey and permit application is to be filled out in its entirety to provide the City with the appropriate information to determine if a permit is required. Once a determination is made, a permit with specific pollutant limitations and monitoring requirements will be issued. The permit will be effective for a period not to exceed five years. You must apply for a new permit 180 days prior to the expiration of an existing permit by submitting a new survey and permit application.

The City's Sewer Use Ordinance can be downloaded in pdf format on the City's website at <http://www.ci.durham.nc.us/departments/environ/industrial.asp>. If you have questions about this survey and permit application, please contact:
